## **Mo'orea Surf Tourism**

### **Data Collection**

---

#### **What data will you collect or create?**

Opinions from local Mo'orea surfers, residents, and businesses about surf tourism development on Mo'orea

#### **How will the data be collected or created?**

Interviews will be taken of locals and responses to interview questions will be transcribed during the interview.

### **Documentation and Metadata**

---

#### **What documentation and metadata will accompany the data?**

Themes consistent throughout interviews will be the metadata that accompany the interview transcriptions.

### **Ethics and Legal Compliance**

---

#### **How will you manage any ethical issues?**

This study acknowledges the negative effects that parachute science has on local communities. This study is designed to promote the utmost local involvement and to give locals control of their own destiny in regards to surf tourism development. All major decisions will be made by locals. The study just acts as a method of facilitating conversations about sustainable surf tourism development on Mo'orea.

#### **How will you manage copyright and Intellectual Property Rights (IP/IPR) issues?**

N/A

### **Storage and Backup**

---

#### **How will the data be stored and backed up during the research?**

Data will be documented using google docs and saved to icloud.

#### **How will you manage access and security?**

I will be the sole accessor of this data, so security will not be an issue.

## **Selection and Preservation**

---

### **Which data are of long-term value and should be retained, shared, and/or preserved?**

Themes garnered from the multitude of interviews will be important data for the long term planning and management of the Mo'orea surf tourism industry.

### **What is the long-term preservation plan for the dataset?**

Publish it publicly and assure that Mo'orea locals have access to it.

## **Data Sharing**

---

### **How will you share the data?**

Data will be publicly accessible online, and data will be manually shared with all participants in the study.

### **Are any restrictions on data sharing required?**

No

## **Responsibilities and Resources**

---

### **Who will be responsible for data management?**

Myself as the data collector.

### **What resources will you require to deliver your plan?**

Access to data management platforms through UC Berkeley
