The above plan creator(s) have agreed that others may use as much of the text of this plan as they would like in their own plans, and customize it as necessary. You do not need to credit the creator(s) as the source of the language used, but using any of the plan's text does not imply that the creator(s) endorse, or have any relationship to, your project or proposal.
Scientific Journals publishing

Data Collection

What data will you collect or create?
Scientific journals.

How will the data be collected or created?
I will upload.

Documentation and Metadata

What documentation and metadata will accompany the data?
Journal in PDF

Ethics and Legal Compliance

How will you manage any ethical issues?
I will upload journals by me only. No any confusion.

How will you manage copyright and Intellectual Property Rights (IP/PR) issues?
I will upload myself.

Storage and Backup

How will the data be stored and backed up during the research?
In your database and in our website archive.

How will you manage access and security?
I will upload only from my email link.

Selection and Preservation

Which data are of long-term value and should be retained, shared, and/or preserved?
All data.

What is the long-term preservation plan for the dataset?
every year.

Data Sharing

How will you share the data?
From your website.

Are any restrictions on data sharing required?
no any restriction for my website.

Responsibilities and Resources

Who will be responsible for data management?
Myself

What resources will you require to deliver your plan?
