## **XFORCE - PSYOPS**

We will receive Data from our sponsors.

Data will be collected from open sources and will be public source

Documentation and Metadata will be in the form of assignments and Meeting minutes for the capstone class. As well as the documentation for the PSYOPS team.

In order to keep the integrity of the project we will follow the Engineering Standards, Procedures and Policies, the IISE Code of ethics, the NISE code of ethics, and the Uniform Code of Military Justice (UCMJ).

Copyright will not be tolerated. All credit to resources used will be given.

The data will be stored in google docs as well as emails sent over from the PSYOPS team.

The access and security will be managed through keeping the access between project members and the PSYOPS team

This project does not have data that is not already public record.

This project does not have data that is not already public record.

Data will only be shared by the group and sponsors

Data is public access data and there is no restrictions

Data Management will be a team effort. The data will be shared among group members in order to keep track of it.

We will require data and continued guidance from our sponsors and Dr. Juarez.
